

AMERICANS PERILED BY RIOTING CHINESE ARMY

BAY DISTRICT TO BE SERVED BY AIR LINE

SACRAMENTO, May 4.—Monoplane passenger and express service between Sacramento and the San Francisco bay district is to start about May 15 and later will be extended to Chico and Redding, it was announced today by the Capitol Air Lines Company of this city.

The announcement said a company has ordered six monoplanes, each to carry six passengers and a pilot. The announced schedule calls for service twice a day between the Sacramento municipal airport and Thompson field, Alameda.

Whist Party Plans Made By Scots

The band of the Richmond pyramid of Scots will hold a whist party on Friday night, May 18, in the Richmond clubhouse, according to plans made last night. Sam Korb has been appointed chairman of the committee to make arrangements. Tickets will be on sale in Lohr's Market and the Carquinez Flower Shop, besides members of the band and officers of the pyramid. There will be a three-dollar merchants order for every three tables.

A committee composed of Homer Patterson, William Barry, E. Lambrecht, W. P. Wilson, W. P. Cooper and Gordon Goman was appointed to arrange for the show to be presented some time in June. The road show of the San Francisco pyramid will be a feature of the program which will be followed by a dance.

On June 10, the combined East Bay pyramids will hold a picnic at Ramona park near Danville and the committee from the Richmond pyramid is A. C. Curtis, Zeb Knott, W. F. Wilson and R. Spierisch, official barbecuer.

The East Bay pyramids will visit the Decota home on June 23 and the committee making arrangements is composed of Bert Scoble, Rev. A. L. Webb, Homer Patterson and Carl Alexander.

Rev. Webb was the speaker last night when the Scots observed Mothers' Day. "Mother" was the topic of his address which was enjoyed by the members.

Chinese Minstrels Give Show Here

Forty juvenile Chinese "black-face" minstrels last night presented a two-hour performance at the Roosevelt Junior high school auditorium before a large gathering.

Charles R. Shepherd, superintendent of the Chung Hui home for Chinese boys at Berkeley, was in charge of the production.

The funds will be used toward enlarging the Berkeley institution.

Health Officer Wins Praises

Dr. Charles Blake, Richmond health officer, was subject of laudatory comment at the meeting yesterday of the Rotary club in a speech by Dr. I. O. Church, county health officer, and by Dr. U. S. Abbott, who was chairman of the day.

The entertainment was provided by Emil Esola and Burk Calfee, and arranged by George Roeker.

OFFICIAL TO VISIT POPPY DIVISION

The California Poppy Division, Order of Railway Conductors, will meet Thursday in Memorial hall, at 2 o'clock. All of the members are requested to attend as the deputy president, Effie Tran, will be here from San Jose, to visit the lodge.

Town Clean Emeryville Chief Says

Conditions in Emeryville are no worse than in any other California town or city, according to a declaration made yesterday by Emeryville officials, in answer to a vice charge brought by District Attorney Warren of Alameda, who has secured federal aid in investigating his charge that it is the "rottenest city on the Pacific coast."

Councilman Al Lacoste, Police Chief Ed Carey and Police Judge J. L. McKennon all issued spirited replies to Warren's charges.

According to Carey:

"If conditions in Emeryville are as bad as Warren claims, he has been derelict in the performance of his duty. Why has he not secured the evidence against these officials of the city?"

"Warren's charges places all city officials under a shadow. I resent this. My standing in Emeryville and the county is such that I demand an explanation from Warren for his blanket charge."

"Warren says that one out of every five houses on Doyle, Hubbard and Vallejo streets is a bootleg joint. There are only three houses on Hubbard street and a fourth on the corner, is vacant."

"I have never known one of the district attorney's men to be threatened or molested on a raid."

"As far as the John Mamola murder is concerned, Mamola was not murdered in Emeryville, but in Contra Costa county. He was not known here."

"When Warren says the whole town knew of the existence of the alleged brewery all I can say is that I for one did not. When I went to the building the day it was raided all I saw was about 110 cases of bottled beer and several hundred empty bottles. There was no mosh of any kind. I could not even swear the stuff was beer."

"As far as graft is concerned, I was never paid a cent for protection."

Judge McKennon said so far as he knew there never had been friction between his office and District Attorney Warren.

"The records show," he said, "that there has been an average of 95 convictions out of every 100 cases he has brought before me. I should say less than 5 per cent of his cases have been dismissed."

"There has never been any friction or any criticism as far as I know of my court from anybody."

"The records ought to disprove his statements that there have been no vice raids by Emeryville police."

"The fact is that fines in Emeryville in bootlegging cases are much heavier than in Oakland. They will average about \$250 here in bootlegging cases. Where Oakland courts fine visitors to lottery joints \$5, I fine them \$25."

Building For April Shows Huge Increase

Increased activity in building was evidenced in a report issued yesterday by Building Inspector A. J. Hurley, showing the April permits to have reached a total of \$147,785, an increase of nearly \$50,000 over March, when permits totalled approximately \$100,000.

Business buildings contributed \$84,900 to the month's total. Residences, totalling 15, represented an expenditure of \$50,900. Alterations and repairs made up the rest of the total.

ROSALEA CLUB HOLDS PARK WEINIE ROAST

The Rosalea 500 club had a picnic yesterday at Elvarado park. They left here at 10 o'clock and at noon the ladies prepared a nice lunch, and a wienie roast was enjoyed. In the afternoon \$500 was played and the picnic turned out to be quite a success.

\$25,000 Peralta Ferry Claim Paid

ACTION ON ZONING IS HELD OVER

The meeting held at the city hall last evening under the direction of the city planning commission to discuss proposed single residence zones, was not as well attended as was expected, and chairman George B. Frobenburg expressed regret that the people of the city had not taken more interest in such an important subject.

There was an extended discussion of the proposed lines and members of the commission said it was not their intention to force something on the people they did not want.

There was much objection to the lines as had been laid out, and during the discussion Dr. Carol Aronovitch asked E. J. Burg why it was that cities were adopting such plans.

Burg's answer was that often some promoter comes along and sold his ideas to people, when they did not know what they wanted.

The result of the discussion was that no action was taken. There had to be some basis for discussion. In order to ascertain the views of the people, and the tentative zones, members said had been laid out for that purpose.

E. J. Burg, owner of large tracts of land in the city was very strong in his objections, particularly to proposed zone No. 2. He contended that when people invested their money in property, they should be permitted to use it for such legitimate purpose they desired.

Burg said his firm had spent millions of dollars in this city, and every dollar they had made had been put back in properties. He asserted that the proposed zones would depreciate property values fifty per cent, and that sixty per cent of the property owners would oppose such zoning.

C. Boettger, owner of property at Thirty-eighth and Clinton also took exception to the proposed zoning lines, and said that Clinton would eventually develop into a business street and should be zoned accordingly.

George W. Shafer said that while he had no property in the district that had been developed by Burg Brothers, he thought Mr. Burg was right in his contentions. His idea was that when people bought lots and paid from \$3,000 to \$4,000 for them, they never did it with the idea in view of putting up single dwelling residences, but undoubtedly had in mind apartment houses.

At the suggestion of M. A. Hays a small change was made in the proposed lines of the Mira Vista district.

The boundaries of the different single residence zones as proposed by the planning commission are as follows:

1—Mira Vista and East Richmond Boulevard tracts. A section bounded on the north and south by the city boundaries, by a line half way between McLaughlin and Lassen streets, and east by the city boundary.

2—A district bounded by Wilson, Twenty-fourth, Roosevelt, and Maricopa streets.

3—A district bounded by Fifteenth a line half way between Twentieth and Twenty-third, Roosevelt and Twenty-fourth, Roosevelt and Clinton.

4—A district bounded by Eleventh, Twelfth, Roosevelt and Clinton.

5—A district bounded by the Santa Fe right of way, Standard Oil works, Golden Gate avenue and San Francisco bay.

Madden's Body Lying In State

THIS WAS IMPRESSIVE scene in the hall of representatives paid final tribute to one of its most prominent members, the late Representative Martin Madden of Illinois, Casket immediate in front of the speaker's rostrum occupied by Speaker Longworth.

WALSH OUT OF RUNNING

WASHINGTON, May 4.—Yielding to the "logic of events" Senator Thomas J. Walsh, of Montana, today withdrew as a candidate for the Democratic presidential nomination in favor of Governor Al Smith of New York.

When informed of Senator James A. Reed, Democratic candidate for the nomination, issued a fiery statement declaring that he would continue to fight.

The famous "oil prosecutor" declared that the California primaries on Tuesday, in which the New Yorker decisively defeated both Walsh and Senator Reed of Missouri, clearly indicates that "the Democrats desire Governor Smith for their candidate."

Walsh's withdrawal virtually left the dry McAdoo wing of the party without a candidate with whom to stop the nomination of Smith at Houston. In effect, it means that the real opposition to Smith will center around Senator James A. Reed, who announced his intention to "stay in the fight to the finish."

Spanish War Vets Plan Special Meet

Arrangements were completed last night by Admiral Dewey camp, United Spanish War Veterans, for a special meeting next Friday night in Memorial hall when J. Schult of the national council will address the members on pensions and other benefits.

Delegates to the state convention in San Diego will leave today. They are O. Poulson, W. Brennan and Lloyd Bolt.

Commander J. T. McCormick presided over the meeting last night.

REBEKAHS WHIST PARTY HERE TONIGHT

The Past Noble Grand association of the Rebekahs will hold a benefit whist party this evening in the Odd Fellows hall. The whist will be given for the Old Folks home of the Odd Fellows. Twenty-six prizes will be given to the winners of the evening, and a door prize, which will be a lovely home-made cake. Mrs. Joella Bonham, chairman, is in charge of the affair. The public is invited to attend, and a nice time is assured.

MISSOURI CLUB TO HOLD PICNIC

The Missouri club will hold a picnic at East Shore park today. Instead of the regular meeting, all Missourians and their families and friends are invited to attend. Every one will bring a basket lunch. There will be games and other amusements. The festivities will start at 11 o'clock.

KEY SYSTEM SETTLES ON OAK WOMAN

Although disclaiming responsibility for the death of James W. Collins, who lost his life in the Peralta disaster, the Key System yesterday awarded \$25,000 to his widow, Mrs. Alta H. Collins, 1350 Ninety-fifth street, Oakland.

This is the first cash settlement growing out of the accident, and was reached by voluntary arrangement. Mrs. Collins never having filed suit against the company.

The order was signed before Superior Judge Lincoln S. Chace in San Francisco. Mrs. Collins was accompanied by her attorneys, Norbert Korte and Larry Owen.

Mrs. Collins declared that \$5000 of the money would be placed in trust for her son, James Collins, Jr., now six years of age.

Several damage suits are pending against the Key System as the result of the recent accident: when the Peralta dipped her nose into the bay, washing several passengers overboard.

Hinds Says He Can Account For Alleged Shortage

Appearing in Martinez yesterday to confer with his attorney in connection with a demand he pay the city of El Cerrito \$719.75, the amount alleged to be short following an audit of his books, W. A. Hinds, former recorder of El Cerrito, stated he had been able to account for all funds with the exception of \$60, and that if given an opportunity to check the books with his counsel, T. D. Johnston, he could account for every cent.

Education Series Comes To Close

The final of a series of educational meetings was held in the American Trust bank building, with scores of employees of the county in attendance.

Among the speakers of the evening were J. E. Drew, vice-president; P. A. Dinsmore, vice-president; and H. R. Panel.

Refreshments were served at the close of the business meeting.

Odd Fellows To Confer Degree At Antioch Meet

This evening the Contra Costa encampment No. 99 of the Odd Fellows will leave for Antioch where they will confer the Royal Purple degree at the district meeting. The Crockett encampment will confer the Golden Rule degree. Members will meet at the Odd Fellows hall at 1 o'clock, from where they will motor to Antioch.

Celebration Held By Stege Pupils

The Stege school held a May Day fete at 1:30 at the Stege playgrounds yesterday.

Miss Mary Ellen Driscoll was crowned queen of May. Martha Canonica was maid of honor. John Ray was the bearer of the crown.

There were four heralds in the queen's procession, George Fuchin, George Borden, Jimmy Kennedy and June Honda.

The May pole, with children dancing around it was very effective. There were eight flower girls. The folk dances and the May pole dances were very pretty and appreciated by all present.

Rector Hears Word Of Mother's Death

Mr. and Mrs. A. L. Rector, Mira Vista, have received news of the death of Rector's mother, Mrs. B. J. Rector of Tecumseh, Michigan. She was 72 years of age, and besides Rector, is survived by two daughters in Michigan.

Scandal Rags Are Banished At Berkeley

There will be no more "scandal sheets" circulated on the University of California campus, the publishers having been so indiscreet as to incur the wrath of President Dr. W. W. Campbell, who yesterday ordered suspension of the "Raspberry" men's humorous literary roster, and the "Dill Pickle," women's satirical laugh provoker.

It seems the publications had a habit of lampooning students and officials of the institution, not even sparing President Campbell. A recent article ridiculed an alleged plan of his to double the university registration fee from \$25 to \$50. But it is said that Campbell is less concerned over the barbs directed at him than at others, which he is said to have stamped as "libelous and unsportsmanlike."

One of these, it is reported, referred to the daughter of a cook in a fraternity house in such terms that the victim's mother threatened a libel suit.

Another attempted to be humorous about Miss Catherine Sibley in a manner that some people didn't consider very funny. She is the daughter of Robert Sibley, president of the alumni association.

And still another source of the trouble, it is said, was an article which rather facetiously described the dancing of Miss Martha Downing in a sorority house.

MELLON MAY BACK HOOVER

INDIANAPOLIS, Ind., May 4.—An announcement that Ogden Mills, assistant secretary of the treasury had endorsed the presidential campaign of Herbert Hoover, was made here tonight by Hoover's campaign manager.

The formal notice that Mills supported Hoover was viewed as a certain indication that Secretary of the Treasury Mellon would also join the Hoover forces along with the Pennsylvania delegation.

Senator Warns Against Quick Debt Payment

WASHINGTON, May 4.—A new drive for cancellation of foreign debts will result from the administration's policy of reducing the national debt as rapidly as possible, Senator Pat Harrison, Miss., charged today, in opening the fight for a \$225,000,000 tax slash.

Harrison declared the national debt will be wiped out entirely in 18 years at the present rate of retirement. When that time comes, he added, foreign governments will immediately renew agitation for cancellation.

"Everyone believes," said Harrison, "in the orderly payment of the nation's debt within a reasonable time, but to press down upon an already crushed and overburdened people that the nation's debt may be paid in too short a time is unwise and against the public interest. It takes no prophet to forecast that when this government is out of debt our foreign debtors will immediately make application for complete debt cancellation."

TRY A REAL HOME VACATION

A change gives rest. With the shedding of the same daily routine comes relaxation and the opportunity to enjoy complete freedom. Here at home is leisure, inviting atmosphere and ideal accommodations for such a period of recreation. There is no need for a long fatiguing journey and the risk of disappointment after all. Your affairs will not suffer from your absence and the family and yourself will be delightfully refreshed. See the hotel classification in the Bayers Guide.

Pullman Chief To Be Arraigned In Court Today

Fred Meyers, chief of the Pullman water company, will be arraigned this morning before Judge Alstrom to answer a charge of resisting an officer. Arrested Thursday night on a complaint signed by Traffic Officer Baker, Meyers was released on \$1000 bond.

DeLap Addresses Masons On Crime

Attorney T. H. DeLap last night addressed the members of Point lodge of Masons in Point Mansions hall. "Crime in California" was the subject of his address.

Musical selections were furnished by Weisgerber's orchestra composed of George Ellis, Howard Roe Gay Vargas and Charles Bennett. There was a large attendance present and the meeting was presided over by H. R. Harrison, worshipful master.

AT HOTEL CARQUINEZ

Arrivals at the Hotel Carquinez last night were C. A. Greene and family of Los Angeles and D. E. Clark of Stanford University.

FREE PARKING RICHMOND CAL.

SPORTS

U. C. TRACKERS, CREW SET FOR EASTERN TRIP

BERKELEY, May 4.—University of California crew and track men will get back to training on May 8 in preparation for their coming invasions of the East coaches Ky Ebright and Walt Christie announced today.

Ebright plans to start practice again next Tuesday with two varsity and one freshman crew, with one and possibly two regular daily workouts. Two hour workouts are tentatively scheduled beginning at 10:30 a. m. and 4:30 p. m. daily. The crews will live and eat together at the Delta Tau fraternity, which has been turned over to them as training quarters until the trip to Foulke, Wis. and the Olympic trials is made about June 2.

Walt Christie will lead a California track team East for the eighth consecutive year on May 16, when he will chaperon a squad of six Bears entered in the I. C. A. A. meet at Cambridge. As final examinations do not permit of full training until Tuesday, it is doubtful if any California athletes included on the eastern trip will be entered in the Olympic trials at Palo Alto on May 12.

The veteran of twenty-eight seasons at Berkeley will try out a new system on the trip this year in an effort to keep his men from losing condition. One-day stops en route will be made at Salt Lake, Denver and Albany where the athletes will be given an opportunity to take extended workouts. The party will arrive in Cambridge the day before the meet.

JUNIOR LOOP TEAMS CLASH HERE TODAY

With final plans completed, the Richmond Junior baseball league will officially get underway today.

The following contests have been scheduled:

National League—Cougars vs. K. P. Lucky Strike, 10:30 at First street; San Pablo Bees vs. El Cerro Lions, 1 o'clock, at First street; Camels vs. Redmen, 3 o'clock, at First street.

American League—Cardinals vs. Mira Vista, 8:30 o'clock at First street; Penney All-Stars vs. Winters, 3 o'clock, at Nicholl park; Tigers vs. Leopards, 1 o'clock at Nicholl park.

Pacific Coast League—Richmond Juniors vs. Richmond Stars, 3 o'clock, Santa Fe grounds; Junior Tiks vs. Rotary, 8:30 o'clock, in Nicholl park; Junior Robins vs. UP.

SURVEY OF GRIDDERS SHOWS VARIOUS PURSUITS FOLLOWED

By LEWIS B. REYNOLDS

di, center of the nation's Tokay, Berkeley, May 4.—Apricots, grape industry, will add to its farming population Louis Pitto, varshy guard, Elder Lane, half-back, and George Emde, center, Lee Rice, halfback, will be busy harvesting apricots near Hanford in the San Joaquin Valley, while Harry Breckenridge, quarterback, is already hard at work raising raisins near Fresno.

Oil, and its products, will attract four football men, Frank and Harry Gill, halfback and guard respectively, are already in the Bakersfield oilfields, while Roy Biggels, center, has a job in a San Francisco petroleum warehouse. Vera Corbin, second string center, will work on the construction of a new oil pipeline.

Russel Avery, captain and end of the freshman team last year, will revert to the industry that made California famous in '26 when he goes up into the Sierras to work in the gold placers. Paul Clymer, halfback, will be a clerk for the Yosemite National Park Company, while Bert Schwarz, guard, will do his mountaineering in a Lake Tahoe sawmill. Don Koch, guard, and son of Fred Koch, '26, who lead California's first great track team on its successful invasion of the East, is registered to attend a geology summer field camp in the Sierras for six weeks before he goes to work.

Irvine Phillips, end and captain elect of the 1928 varsity, is headed for Cambridge as a member of the California track team entered in the I. C. A. A. A. track and field meet. Phillips has an enviable record as a competitor in this meet, taking fifth in the shot put in 1926 and second in the discus in 1927. He is favored to place again this year in the discus.

Lee Eisan, stocky little quarter and field general noted for his broken field running, will continue his part time work as a playground director in West Berkeley but on a full time schedule. Ben Lom, halfback, will attend inter-session for six weeks before taking up his duties as a driver of a laundry truck in Oakland and Berkeley. Frank Fitz, slated to fill Captain Fritz Coltrane's position at tackle, has made arrangements to manage a Berkeley boarding house for the summer sessions. Bob Booth, guard, will carry a chain for surveying parties around San Jose, while Russ Ewing, fastest halfback on the squad, will work in Pomona for six weeks before he takes a trip to Michigan.

WINNER

M. A. Hayes Thursday won a hotly contested game of golf on the Berkeley Country club course from W. L. "Bill" Ballenger, one in Nicholl park; Junior Robins vs. UP.

Wildcats, 10:30, at Nicholl park. American Association—Camellets vs. Pinholes, 8:30 o'clock, Santa Fe grounds; California Bears vs. Junior Cubs, 10:30 o'clock, Santa Fe grounds; Boston Babes vs. Baby Giants, 1:30 o'clock, Santa Fe grounds.

Ultra-Modern Bathing Suit

SOMETHING DIFFERENT! What the well dressed bathing beauty will wear (perhaps during 1928) is worn by Patricia Archer (above). She claims her bathing suit is entirely new and theological development in the evolution of the bathing costume. Patricia hails from Long Beach, where all girls are bathing beauties.

Girl Students Win Numerals

Basketball chevrons and numerals yesterday were awarded to nearly 50 girls of the Richmond high schools, as follows:

Frances Perricone, Margaret Errington, Dorothy Paine, Hilda Pelly, Gail Kirchmaier, Margie Lexon, Elaine Muller, Thelma Picklesimer, Nelly Adams, Madeline Debol, Priscilla Imbach, Irene Harter, Edith Puocel and Edith Teese.

Chevrons: Eleanor Alber, Clara Luer, Martha Masek, Emma Metz, Dorothy Mickey, Evelyn Scott, Margaret Auten, Katherine Fabrenholtz, Geraldine Schotte, Muriel Tait, Viola Eimer, Dorothy Eld, Madeline Debol, Dorothy Eld, Hilda, Priscilla Imbach, Margie Lexon, Myron Loveless, Elaine Mueller, Doris Nystrom, Grace Olney, Dorothy Paine, Lena Armann, Helen Gasham, Enid Church, Leona Doolittle, Ruth Hillier, Florence Johnson, Emma Martin, Jane Olney, Florence Thompson, Ruth Samples, Florence Newman, Alice Walgren, Ramona Adams, Virginia Rundrich, Edna Muth, Helen Maxwell, Hilda Pelly, Frances Perricone, Thelma Picklesimer, Edith Puocel and Edith Teese.

RICHMOND NET TEAM TO PLAY OLEUM CLUB

The Richmond Tennis club's racquetball will journey to Oleum tomorrow to engage the Oleum club in eight singles and four doubles matches. The Richmond club will line up as follows:

Singles: L. S. Fish, Nebo Chasseur, Allen Hartman, Carl Peterson, Clare Brydgh, E. Fanning, A. S. Remell, Sam Welles, and William Regalia.

Doubles: Fish and Chasseur, Bryant and Regalia, Fanning and Peterson and Moore and Kruger. The number one match between Fish and Milo Laine, Oakland tennis star, promises to bring forth some excellent tennis. Fish regained his number one ranking by defeating Chasseur recently.

On May 11 and 12 the local club will engage in round robin tournaments and the following Sunday will travel to Alameda to play the Alameda club. A match with Martinez on the local courts will follow.

FIREMEN ROUT LIONS TEAM BY SCORE OF 28-1

The Firemen got plenty of exercise running around the bases at first street park yesterday afternoon when they met the Richmond Lions in the Commercial Twilight league.

The Firemen swatted the ball all over the lot, knocking singles, doubles, three-baggers and home runs and when they finished, the score stood 28 to 1 in their favor.

Addison, twirled for the Firemen, picking a good game, holding the Lions to three hits. Bob Smith opened on the mound for the Lions but Miller was rushed in the first inning and finished the game. Twenty hits were what the Firemen got.

They filled the bases and then Martin in the fourth and Lavenue in the fifth knocked home runs, piling up the score.

"Doc" Boehmer made the most sensational catch during the game. Doc ran for a fly knocked in his direction and Bob Smith went after it too. They collided as Boehmer caught the ball and both rolled to the ground. But the play was made, even though Doc was injured bad enough to have to leave the game and seek medical attention.

In spite of the errors made by the Firemen, and they were plenty, the Lions were unable to hit. And when they did get two men on bases in the last inning, over excitement on the part of Burg forced Mylander off third, ending the inning and the game.

But the Lions had a good time.

The box score:

	AB	R	H	E
LIONS				
Boehmer, cf	2	0	1	0
Burg, 3b	3	0	0	1
Miller, lf and p	3	0	0	1

\$15 to Portland

Every Day, Beginning May 6

An innovation in rail travel 14 months ago, this all-coach train, with \$15 fare to Portland, ran on a weekly schedule. It immediately captured public favor—and soon was operated semi-weekly; then tri-weekly. Steadily growing in public demand—now this fast train service is offered every day!

Fast Time

Effective May 6 the "Coach Special" will leave Oakland 16th St. at 8:49 p. m. and Richmond 9:07 p. m., arriving Portland 8:15 p. m. next day.

Via Klamath Falls, through the "land of lakes"—the new Cascade line—virgin forests, Eugene, the fertile Willamette valley, to Portland.

Equipped for your comfort. Individual reclining chairs; all-day lunch car or delicious meals at moderate prices in the diner. 50 pounds free baggage allowance.

Travel at low cost, this safe, swift, comfortable way to the Northwest. The \$15 fare is good from San Francisco, Oakland, Berkeley, Richmond, Stockton, Tracy, Lathrop, Sacramento and intermediate points.

COOLIDGE IN APPEAL FOR BOULDER DAM

WASHINGTON, May 4.—President Coolidge earnestly hopes that the Boulder Canyon dam legislation, designed to protect the people of the Colorado river basin from danger of destructive flood, will be adopted without further delay by the present session of Congress.

Suggestions put forward by the power trust lobby in Washington that the legislation now pending in both branches of Congress, does not meet the approval of the administration were scouted at the White House today.

President Coolidge, it was discovered, desires that a great dam be built.

Guarantee of an adequate water supply for the growing country for the primary purpose of affording flood protection to the 65,000 people and the \$10,000,000 of property in the Imperial valley.

Additionally, the great dam would produce enough water power.

Plans Hop

MILDRED JOHNSON, Philadelphia aviatrix, has made arrangements to fly from Berlin to New York next August in a seaplane, going by way of Paris, Lisbon, the Azores and Bermuda.

er electricity to compensate the guarantee an adequate water supply for the rapidly growing communities of southern California.

Read It First In
RECORD-HERALD

FINANCIAL STATUS OF CAL. SHOWN

WASHINGTON, D. C., May 4.—The Department of Commerce announces a summary of the financial statistics of the State of California for the fiscal year ending June 30, 1927. The per capita figures for 1927 are based on an estimated population of 4,375,000.

The payments for operation and maintenance of the general departments of California amounted to \$60,409,900, or \$13.81 per capita. This includes \$22,961,209, approximately, for education in the minor civil divisions of the State.

In 1926 the comparative per capita for operation and maintenance of general departments was \$14.48, and in 1918, \$7.18. The payments for operation and maintenance of public service enterprises in 1927 amounted to \$2,046,169, interest on debt \$4,829,058, and outlays for permanent improvements \$11,235,821. The total payments, therefore, for operation and maintenance of general departments and public service enterprises, for interest and outlays were \$31,220,266.

The totals include, therefore, for operation and maintenance of general departments and public service enterprises, for interest and outlays were \$31,220,266. The totals include, therefore, for operation and maintenance of general departments and public service enterprises, for interest and outlays were \$31,220,266.

Of the governmental costs reported above, \$16,057,711 was for highways, \$6,214,284 being for maintenance and \$9,873,427 for construction.

REVENUES

The total revenue receipts were \$88,944,960, or \$20.33 per capita. This was \$21,649,835 more than the total payments of the year, exclusive of the payments for permanent improvements, and \$7,414,914 more than the total payments including those for permanent improvements. This excess of revenue receipts is reflected in purchase of investments and increased cash balances, not shown in this summary. Property and special taxes represented 20.5 per cent of the total revenue for 1927, 18.5 per cent for 1926, and 18.7 per cent for 1918. The increase in the amount of property and special taxes collected was 140.5 per cent from 1918 to 1926, and 6.9 per cent from 1926 to 1927. The per capita property and special taxes were \$4.15 in 1927, \$4.00 in 1926, and \$2.20 in 1918.

The amount reported as receipts from the general property tax was \$5,077, representing delinquencies and sale of tax defaulted bonds.

Earnings of general departments or compensation for services rendered by State officials, represented 7.1 per cent of the total revenue for 1927, 7.1 per cent for 1926, and 10.8 per cent for 1918.

Business and nonbusiness licenses constituted 57.1 per cent of the total revenue for 1927, 58.3 per cent for 1926, and 49.9 per cent for 1918.

Receipts from business licenses consist chiefly of taxes exacted from insurance and other incorporated companies and of sales tax on gasoline, while those from non-business licenses comprise chiefly taxes on motor vehicles and amounts paid for hunting and fishing privileges. The sales tax on gasoline amounted to \$3,453,582 in 1927 and \$7,047,506 in 1926, an increase of 195 per cent.

INDEBTEDNESS
The total funded or fixed debt outstanding June 30, 1927 was \$106,373,635. Of this amount \$66,500,000 was for highways.

The net indebtedness, funded or fixed debt less sinking fund assets, was \$108,876,476, or \$24.20 per capita. In 1926 the per capita net debt was \$23.63, and in 1918, \$12.19.

TAX LEVIES
In California no general property tax is levied for State purposes, unless other sources of revenue prove insufficient. There was no such levy for 1927.

RAGS WANTED
RECORD-HERALD

Heroes Pay Tribute To Martyr

GLORY WAS FORGOTTEN for a space as the transatlantic flyers stood in silence and with bowed heads beside the grave of Floyd Bennett in Arlington National Cemetery. Left to right (center) Major Howard O. Davidson, commandant of Bolling Field, Washington; Miss Herta Junkers, Major Fitzmaurice, Baron von Huenfeld and Capt. Koehl, Newspaper men, diplomats and government officials surround them.

POPPY SEWING CLUB HAS PLEASANT DAY

The Poppy Division of the sewing club met yesterday afternoon at the home of Mrs. E. P. Bryant, grand guardian, will pay her of 535 Sixth street. A pleasant afternoon was spent in sewing, and Job's Daughters. A lovely luncheon was served at noon and that into be given in the near future. A new member was taken into the club yesterday.

Late in the afternoon refreshments were served at a daintily fixed table. A large bowl of roses was the chief ornamentation of the table.

This afternoon in Masonic hall the clubhouse, to enjoy a whist party that was given by the club. Mrs. B. Howden and Mrs. W. B. Mayo were the committee in charge. Those holding high scores were Mrs. E. Ogilvie, P. A. Dugan, Miss Laura La Londe, Mrs. Marie Lee Kelly and Mrs. Hilda Wicks. B. Howden was awarded the doctor prize.

IMPROVEMENT CLUB HOLDS WHIST PARTY

The South Richmond Improvement club met Thursday evening in the clubhouse, to enjoy a whist party that was given by the club. Mrs. B. Howden and Mrs. W. B. Mayo were the committee in charge. Those holding high scores were Mrs. E. Ogilvie, P. A. Dugan, Miss Laura La Londe, Mrs. Marie Lee Kelly and Mrs. Hilda Wicks. B. Howden was awarded the doctor prize.

PENSION BILL DRIVE OPENS

WASHINGTON, May 4.—Supporters of the Lebach and Dale bills to increase pensions for Federal employees and lower the retirement age, today launched a drive for favorable action on the proposition in the House.

Passage of the Dale bill by the Senate yesterday has encouraged them in the belief that favorable action will be taken in the House before Congress adjourns.

Although the House civil service committee has favorably reported the Lebach bill, the powerful rules committee has yet to grant a special rule for its consideration on the floor.

More than 500,000 Federal workers have their eyes on Congress awaiting passage of a "square deal pension bill." All Federal employees under civil service rules, including postmasters, railway mail clerks, mechanics and departmental workers, are in this army.

The Dale bill, sponsored by Senator Dale, Republican of Vermont, as passed by the Senate, provides that Uncle Sam's employees may voluntarily retire from the service at the age of 50 years for railway mail clerks and others in hazardous work; at 63 years for letter carriers, mechanics, laborers and postal clerks; and at 65 years for departmental workers.

Present law stipulates 62 years for the first class, 65 years for the second and 70 years for the third. Thirty years of service is required before voluntary retirement to receive the annuity.

LIFE SAVING CLASS OF RED CROSS GROWS

With nearly 50 children and 40 adults registered, the Red Cross life-saving lessons which commenced Thursday at the natatorium are in full swing with prospects of additional students being added. The classes are open to all and will continue until May 12, with awards to be given those who pass certain tests.

"We are well satisfied with the interest already shown in the course and we feel that it will be of tremendous help in the campaign being conducted by the Red Cross to prevent drownings in the future." Mrs. Katherine Rogers, executive secretary of the Richmond chapter, declared in speaking of the campaign.

Deputy District Attorney Hiram E. Jacobs spent yesterday in Santa Rosa on business.

611 MACDONALD AVE.

RICHMOND SET FOR BIG FERRY CELEBRATION

HUGE THROG TO JOURNEY ACROSS BAY

With fifty motor cars already entered in the mammoth parade, and hundreds of foot-passengers planning on making the trip across the bay, Richmond was this morning prepared to render an enthusiastic welcome to the Southern Pacific's new 30-minute ferry service between this city and San Francisco.

Gayly decorated cars, bearing banners urging patronage for the new line will form a parade at Twenty-third and Macdonald avenue at 10:30 this morning, and with a blast of horns the procession will proceed the length of Macdonald avenue, down to the Richmond terminal of the Southern Pacific ferry system. At Tenth and Macdonald foot passengers will board the buses to be transported to the ferry.

Boarding the Southern Pacific ferry "Yosemite" at 11:15, the huge throng will be transported across the bay, to form another parade at the San Francisco ferry building from where the procession will proceed out Market St. and then back to the ferry.

Heading this morning's procession up Macdonald avenue will be the Richmond high school band, with George M. Morris as director.

In cars following will be Mayor Mattie E. Chandler, and members of the city council, directors of the Richmond chamber of commerce; presidents of various service clubs; Chief of Police Dan W. Cox and staff; Chief of the Fire department W. F. Cooper and other municipal authorities. Then there will be a contingent of Boy Scouts, of members of the Richmond Junior Baseball league, sponsored by the American Legion; the Richmond Tennis club and as many individual motor cars and parties as can possibly take part in the caravan.

New 30-minute service

[San Francisco-Richmond Auto and Passenger Ferry Service Greatly Increased.]

To meet increasing demand Southern Pacific has placed an additional all-steel boat on the Richmond ferry route between Foot of Mission Street, San Francisco, and Richmond Pier.

It is the shortest, most direct route between San Francisco and northern and eastern California points. Avoids miles of driving through traffic and is the scenic way to cross the bay.

At Richmond, paved streets lead you direct to the main highway to northern and eastern points via either land, ferry or bridge.

Buses meet every boat at Richmond pier for convenience of foot passengers for Richmond proper. (Buses operate from pier to 10th and Macdonald, fare 7c).

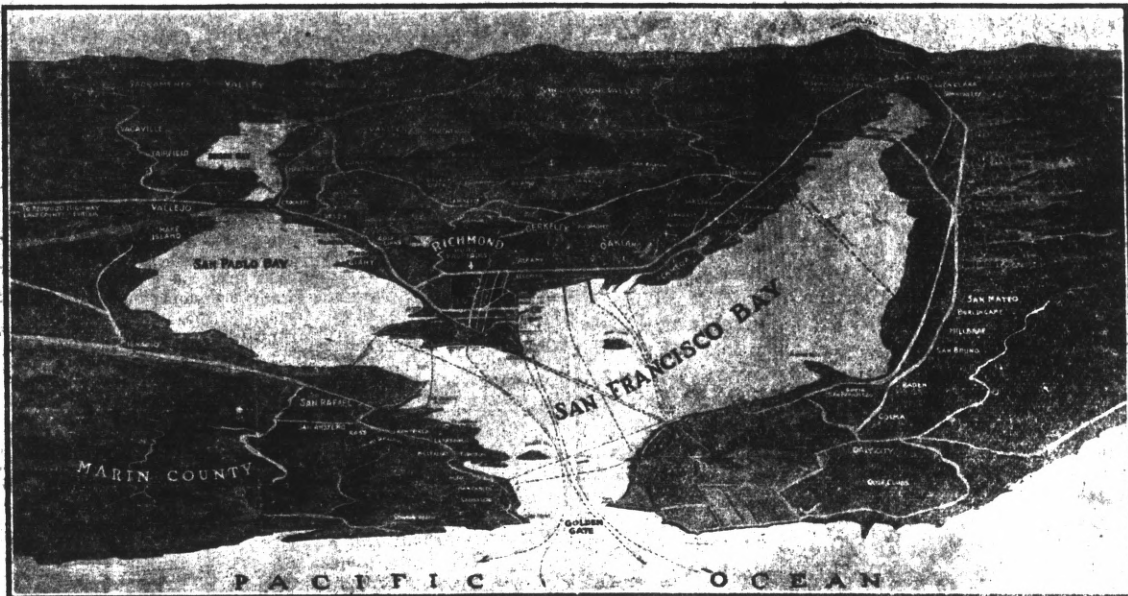

Boats leave San Francisco and Richmond pier every 30 minutes all day—hourly service at night—last boat at 12:30 a.m.

FARES: Auto, 60c. Passengers in autos, 5c each. Foot passengers 35c roundtrip. Dining room on all boats.

Richmond Ferry
Southern Pacific

G. EBY

"Westward The Course Of Empire Takes Its Way"

HERE IN THE PICTURE BEFORE YOU, lies the ultimate West; the last outpost of a great civilization, the border of the white man's world, which began with ancient Greece.

Here is being erected the world's greatest Metropolis. The hub of activities, finance, commerce, manufacturing, transportation, wealth and culture.

Richmond, on account of its strategic location, at the convergence of the great San Joaquin and Sacramento rivers; bordering both on the San Pablo and San Francisco bays, directly in front of the Golden Gate, opening into the majestic Pacific ocean—will be in the very front rank and center of this vast metropolis.

Motorists Urged To Enter Car In Parade To Ferry

Everyone in Richmond owning a four-wheel vehicle is urged to join the motor cavalcade this morning for the parade down Macdonald avenue, to the ferry and thence across the bay to San Francisco for the parade out Market street.

The procession will form at 10:30 this morning at Twenty-third and Macdonald and then proceed to the Southern Pacific Ferry slip.

"Join the motor car parade," urges Ralph Bergen, chairman of the civic affairs committee, "and if you're planning on visiting San Francisco Saturday morning, take the 11:15 ferry boat."

Ferry Held Fore-Runner Of Progress

By J. A. McVITTIE
City Manager

To my mind, the inauguration of the new half hour ferry service today by the Southern Pacific company between Richmond and San Francisco will be a historic date so far as this city is concerned. I am satisfied the effects of the new service will be very far reaching.

It means fast transportation, and the history of all cities, the world over, has been that with first class means of travel cities make their real growth.

Undoubtedly after the new service is in first-class running order, the next move of the railroad will be to cut the time of the trip.

By means of this new service the next few years I am satisfied that you will see hundreds who desire to live in the east bay section, come to Richmond and purchase homes here.

By the new ferry service, they can reach this city from San Francisco in fifty-five minutes, and this places us just as close to the metropolis as Berkeley, Oakland, and other east bay towns.

The more the service is patronized, the more the railroad can expend in development.

It is very pleasing to me to welcome this half-hour ferry service, and it is also pleasing to me to see that the citizens of Richmond appreciate it, by holding the celebration today that has been planned.

Spanish Countries Plan Games On Olympic Plan

MADRID, May 4. — Olympic games, as in the days of ancient Greece (but for nations only of Spanish origin) is a project that is arousing considerable interest here just now. The idea was suggested by the Minister of Uruguay to Spain and it was favorably received, as everything likely to bring the Spanish-speaking peoples together is sure to be.

The first Spanish Olympiad, it is suggested, would take place in Seville during the Spanish-American Exhibition there next year. Subsequently the Olympiad would be held every year in a different country, and it would differ from the International Games by sports characteristic of each country.

For instance, there would be competitions in laseoing in Mexico, pelota in Brazil, and rough-riding in the Argentine. The Uruguayan Minister, Senor Fernandez y Me-

Band To Head Market Parade

Headed by the Richmond high school band, local motorists and pedestrians who join the procession across the bay, will form at the San Francisco Ferry building at noon today for the march out Market street as a means of forcibly acquainting residents of San Francisco and commuters with the opening of the Southern Pacific 30-minute ferry service between San Francisco and Richmond.

As the caravan proceeds up Market street the Richmond high school band will start playing under the direction of Bandmaster George M. Morris. The music will be continuous until the parade reaches the Civic Center where after a brief pause it will proceed over to Mission street and thence back to the Richmond Ferry.

Mayor Lauds Inception Of Fast Service

"This is indeed a great day for Richmond," declared Mayor Mattie E. Chandler in speaking of the increased trans-bay service of the Southern Pacific company.

"It means so much for the future of the city. We have our industries and others have our transportation. Now we have it. Another obstacle in Richmond's progress has been removed. Richmond will benefit commercially, industrially and in increased population."

"I want to thank the Southern Pacific company for the way it has always cooperated for the interests of the city and I feel we owe it a debt of gratitude. I want also to thank all those who have aided in securing this increased service."

"It is regrettable at this time that no provision can be made to furnish transportation for the residents of East Richmond, but we hope that in the near future their needs will also be taken care of."

dina, suggests that Portugal, the Philippine Islands, and Cuba, as well as the South and Central American nations, should compete together.

A committee has been formed to discuss the proposal, of which the Spanish Minister of Labor is chairman. Naturally, the many sporting associations of Spain are keen on the subject. A question is: Will bull-fighting be included in the games, and dancing, and music? There is plenty of matter for discussion.

PROGRESS SEEN AS RESULT OF FAST SERVICE

Increased service by the Southern Pacific company on its Richmond-San Francisco ferries means progress and growth in population for Richmond.

Transportation has been one of the drawbacks which Richmond in the past has faced but with the increased direct accessibility to San Francisco a number of residents of that city will come to Richmond to make their homes. Heretofore, the majority of those employed in San Francisco who preferred the warmer climate of the Eastbay have been going to Oakland, Berkeley and Hayward to make their homes.

Even with the schedule as it was in the past hundreds of persons employed in San Francisco have been living in Richmond. With half-hour service, many who, due to the schedule, have been prevented from living here will take advantage of the increased transportation.

Business will receive an impetus from the vehicular traffic which will be increased. Motorists going to the northern part of the state will take advantage of the new schedule, coming through Richmond instead of passing by it as they have in the past because of better schedules times against Ferry Naylor through on other trans-bay ferries. The half-hour service on the Richmond-San Francisco ferries will make this route the shortest to

Bus Service Big Help To Pedestrians

Motor bus service for foot passengers via the Richmond-San Francisco ferry will be operated from Tenth street and Macdonald avenue beginning at six o'clock this morning, according to announcement yesterday by Southern Pacific officials. Connections will be made with the last Richmond bound ferry leaving San Francisco at 12:30 Sunday morning.

Establishment of the bus service is a great advantage to local people, who were forced to walk three miles from the ferry to the business district if they had not cars of their own.

Richmond-S. F. Route Affords Scenic Views

One of the finest scenic trips in the San Francisco bay section is afforded commuters who make the trip from Richmond via the Southern Pacific ferry between this city and San Francisco. The route is the shortest way to points north of San Francisco and is regarded as the most interesting trans-bay trip. Many beautiful and interesting views on the bay and land can be seen from the promenade deck of the modern steel auto ferry boats operated by the Southern Pacific company on this route.

ATTENTION OF STATE TURNED ON RICHMOND

News of the inauguration of the Southern Pacific's faster ferry service between Richmond and San Francisco has been broadcast the length and breadth of the state, resulting in much valuable publicity being accorded this section. Through the medium of newspapers and circulars, every section of California has been apprised of the new schedules which become effective for the first time today.

As far north as Oregon the news has traveled, 50,000 folders having been distributed by the Southern Pacific company from San Diego to the Oregon state line.

Every automobile association, every resort, garage and information bureau has been supplied with literature containing announcements of the new service and directing wide attention to Richmond and the surrounding territory.

RECOVERING

Mrs. Teresa Blignoni, 102 Standard avenue has been very ill with blood poisoning in her hand. At the El Repose Sanatorium, Mrs. Blignoni has been in the sanatorium for two weeks. She is reported to be improving and will be able to return to her home soon.

We Heartily Welcome
the inauguration of the Half Hourly Service between
San Francisco and Richmond
The Metropolis of the Pacific Coast and Industrial Giant of the West
To the Southern Pacific Railway we extend our congratulations and sincere best wishes for its continued success and achievements in transportation.

Richmond and its citizens are grateful for the wisdom exercised by the officials of this great transportation company for installing a half hourly ferry service between Richmond and San Francisco—the most picturesque and interesting trans-bay ferry service.

All of central California will benefit by this new service, especially Richmond and Contra Costa County as well as Solano, Napa and adjoining counties utilizing the great Carquinez Bridge.

It gives to San Francisco another outlet and inlet for commutation to the thousands of residents of the fastest growing section of California. It will enable commuters from San Francisco to reach Richmond as quickly as any other commuting center in the San Francisco bay region. It will bring thousands of new residents to Richmond, who will here find ample and profitable employment in the great number of large industrial plants that are now here and the many new ones who are coming and building.

Richmond is already the Fourth Payroll City in California, and soon will be the first. This means more and better transportation and the Southern Pacific is alert to the situation and is prepared to serve and supply the needs and requirements of the public.

**Hail to the Southern Pacific

BERKELEY, May 4.—"Nibs" Price, University of California football and basketball coach, is a man who can practice as well as preach proficiency in sport. This Sunday he will begin a campaign to defend his title as coach of the Berkeley Country Club in an effort to keep the crown he has held for the last two years.

Residents Receive S. P. Ferry Schedule

More than 4500 homes in Richmond have received copies of the new schedule effective today for the new Richmond-San Francisco ferry service. A folder in which the schedule is contained indicates Richmond as the point where the San Francisco-bound motorist, or foot passenger, or those headed for points north of Richmond, may save time and money by using the new 30-minute service.

The Southern Pacific company also has mailed these folders out to various cities throughout the state.

Many a man's reputation for truthfulness goes lame when he begins to say things about you.

Looking Backwards

or

Fore-Sight Versus Hind-Sight

by E. J. B.

On May 1, the RECORD-HERALD published an article captioned "Just a Little Visualizing," which has created considerable comment and discussion. Some laughed; others smiled and shrugged their shoulders, but it caused many to think. Those who can think and analyze any prophetic statement are the ones to profit most.

It is easy to look backwards and see one's mistakes—opportunities allowed to slip by—or if one only had done so and so, what a wonderful difference it would have made in one's life—in health, wealth and happiness.

One can "look ahead" by making an effort to visualize the future—and it should be easy to visualize the future greatness of Richmond—which if taken advantage of now, will lead to prosperity.

In order that one may be more able to "look ahead," let us "look backwards" to some facts and figures about Richmond's phenomenal growth, development and increase of property values that are far more astonishing than any statement one could make as to the future values of centrally located property. These statements would have been unbelievable by the most optimistic person, had they been depicted ten years before actual happening.

During the years from 1902 to 1910 a great many Richmond lots sold for from \$100 to \$500 per lot. Many of these have since been sold and are today selling for over \$1000 per front foot—\$100,000 for a 100 foot frontage.

Ten years ago a corner at San Pablo and Macdonald avenue sold for \$2000, for which \$35,000 has been offered. Another corner at San Pablo avenue and Barrett, valued a few years ago at \$4000 (originally bought for considerably less) was lately sold for over \$20,000.

A 50 foot corner at Nevin and Twenty-third street, sold for \$4000 in 1925; the purchaser has lately been offered \$25,000 for it.

Another 50 foot corner on Twenty-third street sold for \$800; the bare land is leased for \$130 per month, which is equal to six percent on \$26,000.

Many hundreds of similar instances could be recited, but only the ones with a vision—with faith in the future greatness of Richmond will profit thereby.

TO RICHMOND IS ATTRIBUTED THE MOST REMARKABLE STORY OF INCREASE IN LAND VALUES IN THE UNITED STATES.

In 1900 the future site of Richmond was a hay-country, owned by a number of farmers. Among these farmers was John Nicholl, a sturdy Scotman, who owned a two-hundred acre farm, located east of what is now known as 23rd street; a county road—now known as Macdonald Avenue, running through the center of the farm.

In 1898 this 200 acres was offered for sale at \$70 per acre, \$14,000 for the whole farm. The writer, then engaged in the real estate business in Oakland, endeavored to sell this farm to a prominent Oakland resident, but failed to make the sale. Fourteen years later, in 1912, this same Oaklander purchased and paid \$525,000 for 112 acres of this same land, while he could have purchased the entire 200 acres for only \$14,000 fourteen years previously. These figures are so staggering that it is difficult for one to grasp the import of this transaction.

In 1905 one acre of this land was given to Colonel W. S. Rheems, the builder of Standard Oil Company at Richmond, it was then valued at \$500. It has since been sold several times, the last purchaser being the American Trust Company, who, it is understood, paid \$80,000 for the acre, less 20 feet taken for the widening of Macdonald avenue and less 35 feet for the widening of 23rd street.

A 50x100 foot lot, out of the same 200 acres, was sold for \$15,000 fifteen years after it was offered for sale at \$70 per acre.

Within ten years, when it is estimated Richmond will have a population of one hundred thousand or more, the old "Nicholl Ranch" (now known as the Burg Brothers properties) will be the main business center of Richmond, when lots in this location will sell for \$5,000 per front foot, instead of \$70 an acre.

Look backwards and see what you "COULD HAVE DONE"; then look FORWARD! USE YOUR VISION, and take advantage of what you can do today; then act, take advantage of TODAY'S OPPORTUNITIES—they are many. You are sure to prosper and profit by such action. Then you won't have to tell your children or friends ten years from now WHAT YOU COULD HAVE DONE.

Do it now.

PERMITS ISSUED

A permit was issued yesterday at 125. P. Mohammed will do the foundation beneath a cottage in South Second street, at a cost of to Mrs. Helen Martin to place a work.

Don't talk "good old days" to me! For one thing, they didn't have FLUFFO then. And today baking is easier and better, all on account of that wonderful shortening

Offer Their Prayers

THE GERMAN-IRISH FLYERS offered up their thanks for their safe flight across the Atlantic. They are shown above with Cardinal Hayes and Grover Whalen before services at St. Patrick's Cathedral in New York.

South Africa Finds Use For Wrecked Plane

CAPE TOWN, May 4.—A new use has been discovered in South Africa for the various airplanes which have crashed during flights from London to Cape Town or from Cape to Cairo during the past few years. The Vickers biplane in which Broome and Cockrell tried to fly from London to Cape Town eight years ago lay neglected in the jungle until settlers in need of a club building conceived the brilliant idea of converting the wreckage into a most saloon bar and the undamaged wings into the nucleus of a cool veranda.

The Silver Queen, which was flown by the South African Airmen, Van Reynold and Brand, from Cairo to Rhodesia, was badly damaged in a forced landing near Bulawayo, is also being put to good use. The petrol tanks are today being used by a farmer as grain bins for his poultry, the broken propeller decorates the farm gate, while the rudder and tail planes hang as historic relics in the Bulawayo drill hall.

Your money back if FLUFFO doesn't please you better than any shortening you've used

A New Service Which Means New and Larger Things for Richmond

All the world looks to Richmond for growth and progress and each advance step is further proof that the builders of Richmond are not planning vainly. Not only has this city shown itself an industrial center of importance, but now it takes its place as an important break in traffic.

It will not take the motoring world long to learn that the short, quick way to San Francisco is by way of the Richmond Southern Pacific ferry. Within a short time the bulk of the traffic which moves up and down to San Francisco over the state highways to the interior valleys will come through Richmond.

The Southern Pacific Company is to be congratulated upon the inauguration of the new 30-minute service. We take pleasure in joining with others in Richmond in pledging co-operation to make the new service a success.

We welcome the new service of the Southern Pacific and we welcome, too, the thousands of travelers who will move through our city on business and pleasure.

THE MECHANICS BANK

Richmond Commercial and Savings Bank

BUSINESS MEN TO PAY VISIT TO PARDEE DAM

More than a score of business men will visit the Pardee Dam and other features of the Mokelumne water project tomorrow in celebration of the fifth anniversary of the formation of the East Bay Municipal Utility District.

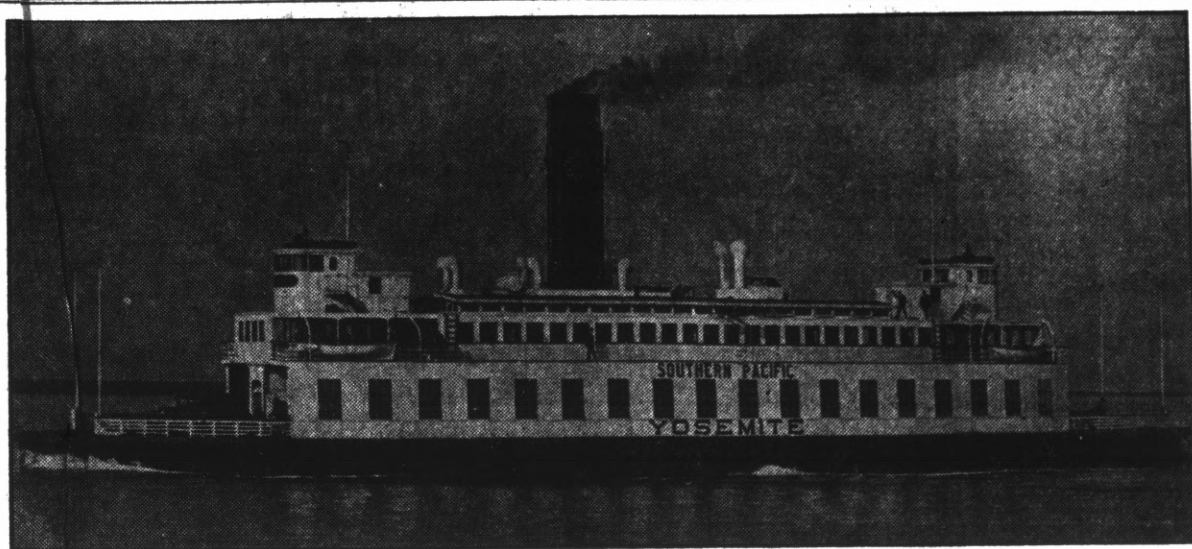

Host of the members of the expedition will be connected with the committee of the Chamber of Commerce headed by Fred N. Meyer, including Nathan Albrecht, J. Burpee, O. H. Goss, A. Nesbitt, Romayne Goss, B. H. Pendleton, Arthur G. Reno, Dr. Geo. H. Schuster, C. E. W. R. Sprinkel, Willard White, H. B. Lyon, L. F. Moore, D. G. Graham, Donald Williams, Herbert Graham.

The party also will be Grant Miller, Al Latham, Frank D. Latham and James H. Boyer, directors of the Utility District, and P. Davis, Chief Engineer, and Munn, construction engineer, F. W. Hanna, hydraulic engineer, and other district officials. The party will leave from

the Chamber of Commerce rooms at the Hotel Oakland at 1 o'clock tomorrow afternoon, arriving at Camp Pardee at 6.

There will be a dinner meeting at which Davis will disclose

Here's Ferry That Will Inaugurate New Service

Above is the Southern Pacific ferry "Yosemite," which will leave the Richmond slip at 11:15 this morning, carrying a large throng of local motorists and foot passengers across the bay to San Francisco, where they will participate in the parade out Market street to herald the inception of the Southern Pacific's 30-minute ferry service.

SHADY DEALS IN REALTY ARE UNDER PROBE

Stephen Barnson, real estate commissioner, has recently succeeded in uncovering a series of questionable deals whereby persons were induced to sell their property, presumably for a cash payment and a trust deed for the balance, payable monthly. The sellers, disarmed because the thing was done so shrewdly, were induced to sign an agreement to allow a mortgage to be placed on record ahead of the trust deed and the proceeds of that mortgage furnished the money for the cash down payment. They obviously did not realize what they had signed. A default on the monthly trust deed payments in a couple of months would prompt the sellers to inquire into the situation and they would find they had been duped. The erstwhile purchaser, who was a party to the nefarious scheme, then made the seller pay anywhere from \$100 to \$400 "blood money" to get their property freed back. Thus the seller who once had his property clear has to pay money for the privilege of getting his property back and then has to turn around and clear the mortgage off it. The deal was so raw and had been practiced so many times before it reached the attention of the commission that the only thing to be done was for the people involved to agree to turn in their licenses for cancellation, and this was accomplished by the commissioner after several weeks investigation.

The licensees involved had worked in several sections of the city and dealt mostly with elderly people who would not clearly understand the framed-up deals.

The public has been warned by the commissioner to scrutinize such deals closely and bring to his attention any which they believe to be questionable.

ROAD HOG IS BLAMED FOR ACCIDENTS

The road hog was blamed today for more than one half of the accidents occurring on California highways.

This conclusion was announced by the State Division of Motor Vehicles after an exhaustive study of causes of traffic accidents, extending over a period of several months of Major Louis La Place, chief of the bureau of statistics of the division.

"Failure to yield the right of way," says La Place in his report to Frank G. Snook, chief of the division, "causes more than 50 percent of the accidents. In other words, the operator does not comply with section 122 of the California vehicle act, which says you must drive well to the right."

Backing up this conclusion, Major La Place submitted the following figures for the first three months of 1928 on causes of accidents:

Failure yield right of way... 539
Drove off road... 216
Cutting in... 453
Wrong side of road... 460
Reckless and careless... 300

Total... 1859
Other accidents... 1859
Practically all of the accidents, said Major La Place, in the first classification, was caused by failure to yield right of way.

The report does not take into consideration the numberless accidents to pedestrians at intersections caused by road hogs. The report continues:

"In the violation of this section a great many elements enter, such as cutting in, driving on the wrong side, driving off the road, reckless and careless driving. Although speeding and reckless driving play a part in accidents, they are only second to the first cause."

"We find in the case of the reckless driver that he may be responsible for two or three wrecks although he may not actually strike anybody himself. In his wild drive down the cen-

ter of the road, he does not strike a vehicle, but not realizing that there are more timid drivers, who upon his rapid approach become confused and frightened, plunges through, and they either drive off the highway or crash into another machine in front of their car."

La Place adds that the division has accomplished a great deal in lowering the accident rate among school children by inauguration of the junior traffic reserve system in the public schools of California.

He also believes that the system inaugurated for the examination of applicants for operator licenses has done much to insure careful driving.

"The Public Be Served" A Motto that is Good for Railroad Companies as well as Banks!

Success for an institution comes only with the ability and willingness to provide real service for the public.

We congratulate the Southern Pacific Company on its determination to start for the Richmond-San Francisco ferry the more convenient 30-minute service to motorists and the traveling public.

As an institution vitally interested in the present prosperity and future growth of Richmond we see in the new service an important and far-reaching accomplishment.

Richmond will find in the appreciation of the traveling public an index to its growing importance of location and convenience of access for those who motor.

COUNTY WINS FIGHT FROM BUS COMPANY

The fight of Contra Costa county's Board of Supervisors, waged through District Attorney A. B. Tinning to prevent the usurpation of this county's highways by the California Transit Co., for the operation of its through stage lines, to all San Joaquin valley and mountain points has been won—at least the present engagement has terminated victoriously for this county.

A certificate of public convenience and necessity has been granted by the Railroad Commission to California Transit Company (successor in interest to Western Motor Transit Company, Star Auto Stage Association and R.R. Young) for the operation of an auto stage line between Martinez and Stockton via Avon, Bay Point, Nicholas, Pittsburg, Antioch, Brentwood and the Borden highway, provided that no local service shall be rendered over such route for the transportation of passengers between Martinez and Antioch, and points intermediate thereto, unless such passengers originate at, or are destined to, points on the route east of Antioch and Brentwood and intermediate points, unless such passengers originate at, or are destined to, points west of Brentwood.

Supplementing the order, Examiner Hanford stated that the Commission in short gave the Col-backer.

Horn's Transit Co. permission to operate stage service between Martinez and Stockton only and without interfering or conflicting with any of the existing stage service.

"Any thought that this order gives the California Transit permission to operate its through trunk lines through Contra Costa county is erroneous," Hanford stated.

"The commission is permitting a service only from Martinez to points east of Antioch as far as Stockton and from Stockton to points west of Brentwood. The Oakland-Stockton or Oakland-San Joaquin valley point stages are not permitted to operate through Contra Costa county but must continue their present route via Dublin and Altamont Pass to Tracy. We have thus far protected the Contra Costa interests in conformance with the expressed wish of the people of that county."

The California Transit Company first protested the franchise granted to the Contra Costa Transit Co. for a stage line from Martinez to Stockton and automatically, through that protest held up the inauguration of the service.

MRS. ALLEN HOSTESS TO ALUMN CLUB

The Alumn club met yesterday afternoon in the home of Mrs. Ruby Allen, 429 Fifth street. A delicious luncheon was served and the ladies spent the afternoon in playing whist. Mrs. Blanche Harney won first prize, second prize went to Mrs. Effie Schmidt and third prize went to Mrs. Mildred Nealon and the consolation was given to Mrs. Charles Stockford.

The next meeting will be held at the home of Mrs. Angella Brown.

Broadway Says Hello

THROUGH BROADWAY CANYON the German-Irish crew of the Bremen rode, while hundreds of thousands roared a welcome, ticker tape and torn telephone directories fluttered down from windows and the flags of Germany, the Irish Free State and America blended in a riot of color. It was one of the most tumultuous greetings New York has ever staged.

NEW SCHEME MAY SHORTEN SEA TRAVEL

BERLIN, May 4.—The twentieth century has been characterized as the century of speed, and inventors all over the world, especially in Germany, are cudgeling their brains to devise quicker means of proceeding from one place to another.

German engineers have now devised four new schemes for rapid transit. One of these schemes which will soon be realized is a monorail electric railway with a spherical car resembling an airship, driven by a propeller fore and aft.

This car, designed by the constructor of the Schutte-Lang Air-

ship company is expected to travel at a speed of 225 miles an hour. The mono-railway is to run between the Ruhr mining district and Berlin. The first section will be built this year, either between Cologne and Düsseldorf, or between Berlin and Halle.

Construction Details
Details of construction are fully clear, although some have not yet been definitely decided, and may be changed after the experimental section has been working for some time.

The car suspended from an overhead rail, will travel with an ingenious arrangement of ball-bearings to minimize the friction on contact with that rail. The car is reversible, and itself automatically, and brushes the monorail clean by a couple of steel brushes fixed in front of the opening to the ball-bearing chamber.

The four electric motors are air cooled through openings like a fish's gills, and the air after passing through the engine room escapes by similar openings.

Means of crossing the great oceans without the present intolerable waste of time are the dream of all modern engineers, and numerous projects are considered only to be abandoned with profound regret when they prove impracticable.

A Dresden engineer claims, however, to have invented a ship which instead of screwing itself through the resisting waters will suck itself through the water and utilize the power required by the water passing through the ship (instead of being pushed aside by it) to propel the vessel forward.

Wind Propellers
Another promising development of speed for Atlantic transport is found in the use of one or more wind propellers on a gliding boat or hydroplane. A hydroplane has been known to cross the English

Channel in forty minutes.

The combination of hydroplane and airplane offers the possibility of reducing the resistance of the water to the boat to a minimum and thus acquiring a speed estimated at probably 125 miles an hour. The wings of this ship can be manipulated to raise the front part of the hull so that only a fraction is in contact with the water. It is claimed that speed can be obtained with this system without incurring any more risk than incurred by ships whose hulls are deep in the sea.

A design has also been made for a Transatlantic "windhound" which will skim over the course in half the time required by the fleetest of "ocean greyhounds." It will be constructed of duralumin and steel, with two diesel engines of 5,000 h. p. as a liner to carry 200 passengers.

FATE OF WHALES TO BE FIXED BY NATION LEAGUE

(By Universal Service)

GENEVA, May 4.—The fate of 10,000 or 12,000 whales believed still to exist, mostly in the Antarctic, may be largely determined by a sub-committee which met at Geneva. This consists of four members of the Economic Committee of the League of Nations, which, together with the International Council for the Exploitation of the Sea, has been examining possible means for the protection of sea fauna.

Great Britain and certain other powers, including Norway, which has important interests in the whaling industry, are not in favor of regulation by international agreement, but 21 States, members of the League, support the proposal.

Need For Protection
The urgent need for protection was emphasized early in the year. Dr. Suarez, whose report will be before the committee draws attention to the methods of the modern whaler, which have developed a class of fishing amounting to "voracious butchery." It is carried out with the help of a perfected form of weapon and special craft, and the whale is being rapidly exterminated. The industry moreover, has greatly increased in scope and this is due to the manner in which the whale is treated when killed.

"The extraction of the oil, which previously had to be done ashore, is now," says Dr. Suarez, "done in floating factories which accelerate the process ten or twelve-fold, and makes national control impossible, since no action can be taken on the open sea and the whales have no need to touch land."

In Southern Seas
The whales, almost exterminated in the North Polar regions,

have refuge chiefly in the southern waters of South America, and are fast disappearing there also. The Norwegians are so expert and so successful that insurance policies for whaling vessels mostly contain a condition that the harpooner, and some of the crew should be Norwegian.

The same author strongly criticizes the heavy tax on whale oil imposed by the governor of the Falkland Islands, on the ground among others, that it is hastening the extermination of the whale.

Cosmopolitan Club To Meet Tonight

This evening, in the high auditorium of the Cosmopolitan Club, a meeting of the "W. J. MacDonald," a widely traveled lecturer, his talk will be on "The Four young ladies from the University of California will furnish the rest of the evening's entertainment."

At 8:15 a light supper will be served. Mrs. W. J. Chapin and Mrs. W. E. Turtle will be in charge. The meeting will begin at 8 o'clock.

OFFICIAL PAPER OF THE CITY OF RICHMOND, CAL.

SATURDAY, MAY 5, 1928.

FLOYD BENNETT, HERO

Floyd Bennett gave his life in the cause of aviation.

He died as true a hero as those other victims of fate who plunged into the waters of the Atlantic while they were endeavoring to bridge the continents through the air.

Bennett was a victim of pneumonia.

He rose from a sick bed to fly to the relief of the German-Irish transatlantic expedition stranded in Labrador.

Exposure, undue fatigue and mental strain added evil toll to a body at low ebb of physical endurance, and ended the career of a man who had won world fame for his flight with Byrd over the North Pole.

The hoodoo that haunts the trail of the east-west transatlantic flight remains unbroken. Not a single expedition from Europe to America has been carried to complete success. Directly or indirectly death has attended every one of the efforts.

Bennett seems to have been a plaything of hard luck.

He achieved such fame as comes to few men, only to have all his future efforts for glory blocked.

Last year, he had opportunity to add to the luster of his career by flying with his commander, Byrd, to Europe.

Unfortunately, he was badly injured when Byrd's plane crashed in a trial flight, and his place in the lane was occupied by another man.

Upon his recovery, he planned with all the ardor of his enthusiastic nature to help Byrd conquer the South Polar regions on his expedition this fall. His plan had its tragic end in the Jeffrey Hale hospital in Quebec.

To the end the spirit of this man was indomitable. He did not know the meaning of the word "defeat."

He drove his frail physique beyond the limits of endurance.

For his high standard of conduct, the steel of his nerve, Floyd Bennett has made a name for himself that will not die.

His record will survive as an inspiration to the youth of a nation that has shown itself gloriously rich in the stuff such heroes as he are made.

THE GODS OF SPEED

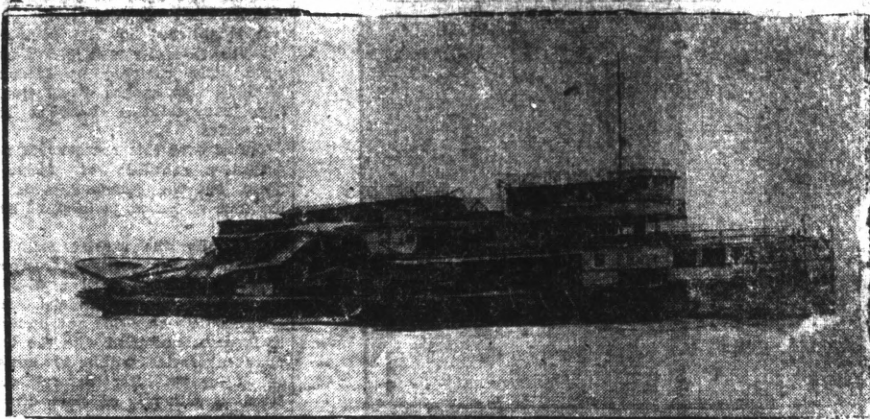

The gods of speed claimed another victim, when Frank Lockhart hurtled, 200 miles an hour, to death at Daytona Beach, Fla.

In spite of this tragedy, others will follow the same trail, for new speed marks remain to be set.

The speed which proved fatal to Lockhart will one day be the average speed of the average motorist.

This will happen just as present railway systems evolved out of the rumbling, rattling contraptions of a hundred years ago, when a speed of a mile a minute was considered impossible because of its undoubted fatal effect on the human body.

Gale Takes Toll

THREE SEAMEN DIE IN STORM!—The steamer, South Shore, while being towed from New York to Baltimore, broke its towline in wild gale that swept Atlantic coast. Three of the crew were drowned when they tried to launch a lifeboat.

Affairs of the Heart and Your Marriage Problems

Patricia Lee

Patricia Lee answers questions relating to problems of married life. Names and address should be added to letters as a mark of good faith but will not be published. Readers who desire private answers should enclose a stamped self-addressed envelope and 10 cents in coin to cover cost of typing, etc. Because of space limitations it is not possible to print answers to all letters received, and readers who wish an early reply should take advantage of this special service. On account of the large quantity of mail coming to this department, about ten days should be allowed for a reply. Write to Patricia Lee, care of this paper.

Dear Patricia Lee:

I have been troubled of late and have come to the conclusion that I shall be guided by your reply to my letter. I have known a charming girl for about two years, and although we have never spoken of love, I now find that I really do love her but feel that should I mention my feelings to her, it will break up and bring to an end the glorious friendship we have had all this time. Do you think it advisable for me to tell her outright the situation, and in that way find out her feelings toward me? If she does not reciprocate my love I think it best to find it out as soon as possible, don't you think?

Dear Will:

Don't be afraid of love. You are not going to lose that friendship you prize so much if the girl loves you in return. True love is friendship sublimated. It is friendship plus that wonderful feeling which we all know, but cannot define. Friendship between a man and woman usually looks forward to love—not as a happy ending, but as a glorious beginning. So don't think you are going to lose such a hard time telling your girl that your feeling for her has changed. You can't hide love. The fact that she has continued this friendship seems to indicate that she is just waiting for you to speak. Take a chance, my dear man and good luck!

Heartbroken: Don't waste time criticizing your mother. She and your father understand each other far better than you think. Do your best as your sister is doing; that will solve your problem, and make you happier, I am sure.

WHY I BLUSHED

While working in a little store one evening a gentleman entered and wanted to see the boss immediately. I picked up the phone and tried three times to get an answer from his home. The gentleman got very impatient by this time and walked up and down. Suddenly he looked right at the phone, then at me and laughed. I had called the number of the store!

RAGS WANTED

RECORD-HERALD

DADDY DUSK

Twin finally came to the rescue of poor Twinnie and Joe, who had wished and couldn't say anything until some one else asked them a question.

"It seems queer to be able to see the upstairs windows, doesn't it?" she asked.

And Twinnie and Joe almost said "Yes" together. Then there would have been another wish, but Twinnie managed to get in ahead so they could all talk.

During the summer the heavy vines had climbed up over the old-fashioned porch, and had made a network across all the windows of the bedrooms, where once spotless muslin curtains had fluttered out on first spring days. Now the vines were without leaves and the old house looked much more forlorn than it did in the summer.

By this time they were puffing up the last hill, and were almost at the old, unpainted picket fence that had once separated Granny Benson's garden from the road.

"Ooh, lookit!" Twin shouted. "Here's a daffodil! And in a minute all three children were dashing over the fence and were rushing toward the one brave little yellow flower.

By this time they were puffing up the last hill, and were almost at the old, unpainted picket fence that had once separated Granny Benson's garden from the road.

"Ooh, lookit!" Twin shouted. "Here's a daffodil! And in a minute all three children were dashing over the fence and were rushing toward the one brave little yellow flower.

Q. Is "sour grapes" a Bible expression?—F. L. M., New York.

A. "What mean ye, that ye use this proverb concerning the land of Israel, saying, The fathers have eaten sour grapes, and the children's teeth are set on edge?"—Ezekiel XVIII:2.

Q. Did the Jews ever speak of killing the Passover?—G. N. L., Bronxville, N. Y.

A. "Moreover Josiah kept a passover unto the Lord in Jerusalem; and they killed the passover on the fourteenth day of the first month."—II. Chronicles XXXV:1.

Q. How is disobedience described in the Old Testament?—B. E., Scranton, Pa.

A. Notwithstanding they would not hear, but hardened their necks like to the neck of their fathers, that did not believe in the Lord their God."—II. Kings XVII:14.

Q. What is one of the tests of love?—A. J. D., Norfolk, Va.

A. "David said, Is there yet any that is left of the house of Saul, that I am show him kindness for Jonathan's sake?"—II. Samuel IX:1.

Q. Are some good works done in secret?—G. R. T., Minneapolis, Minn.

A. "Then Glendon took ten men of his servants, and did as the Lord had said unto him; and so it was because he feared his father's household, and the men of the city, that he could not do it by day, that he did it by night."—Judges VI:27.

Q. What foods should be eaten with a spoon?

A. Fruit cocktail, fruit cup, oranges and grapefruit, served in the rind, stewed fruit, berries, cereals, soft boiled eggs off soft, desserts like custards, jellies and ices.

Q. How should asparagus be eaten?

A. If asparagus is served with a long stalk the soft green tip is usually cut off with a fork and eaten from the fork. After this it is considered permissible to dip the balance of the stalk into the sauce, to carry it to the mouth and bite off the edible part.

Q. Should the first course be on the table when the guests are invited into the dining room?

A. The first course, if cold, may be on the table; if hot, it is served after the guests are seated.

"

RICHMOND IS GATEWAY TO PACIFIC PORTS

Location Of City Presages Wide Progress

Richmond, on the continental side of San Francisco bay, bordering also on San Pablo bay and the first city tributary to the great Sacramento and San Joaquin rivers, occupies the unique position upon the globe. It is America's western gateway to all Pacific shore ports.

It is the western terminal railway center of the American trans-continental railroads.

To the north is Alaska, and the Pacific Northwest; to the south is Western Mexico, Central and South America, teeming in wealth and raw materials. New Zealand, the Isles of the South Seas and Eastern Africa. To the west is Hawaii, the Philippines, Russia, Japan, China and India. "The East"—the dream goal of commerce for centuries, and to this three-fourths of the earth, with its teeming hundreds of millions—two-thirds of the population of the world—the American gateway is the "Golden Gate," San Francisco bay, where Richmond and the East Bay sits mistress.

The New Richmond of today, from the north line of Berkeley, in Alameda county, fronting on the east, or continental side of San Francisco and San Pablo bays, occupies the most natural and commanding location on its entire shore for a great commercial, industrial and manufacturing center.

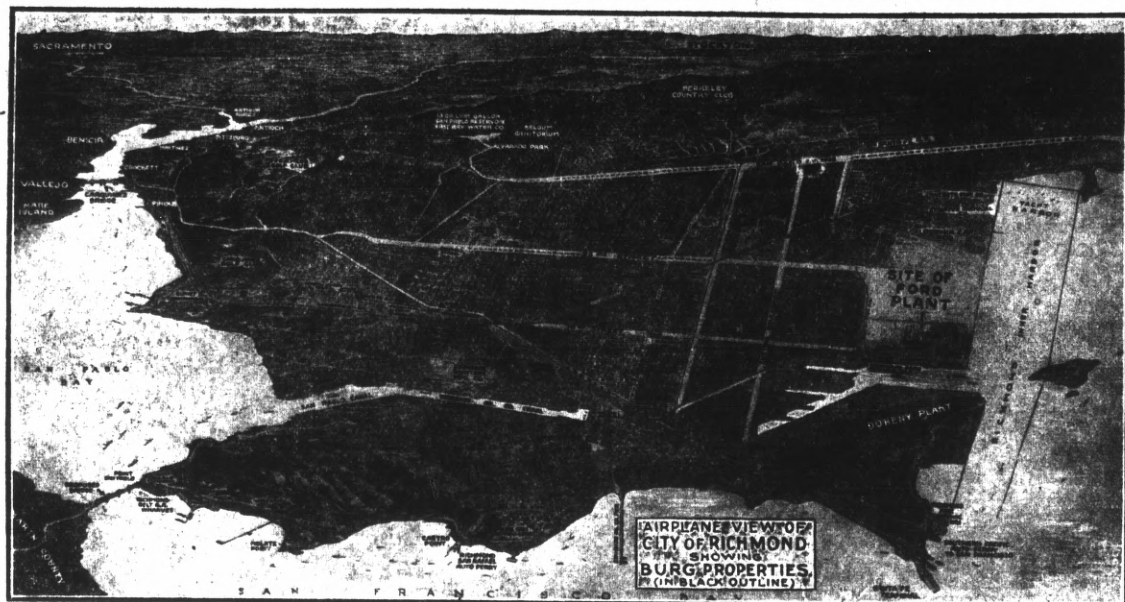

It is here that the commerce of the world, by ship and rail will meet.

Within this territory are already a score or more of vast manufacturing enterprises, representing investments of over one hundred million dollars.

Richmond, only 25 years old, is already the fourth payroll city in California. The value of Richmond Contra Costa county manufactured products is nearly beyond belief; the total is truly staggering, for it was \$534,782,196.00, or 100 million dollars more than 1926, leading the entire Pacific coast.

Nearly sixty per cent of the total tonnage in the San Francisco bay region developed in Richmond and tributary territory; the remaining 40 per cent being divided between the other bay cities; the value of the Richmond

A View Of Richm ond From The Air

area tonnage amounted to \$469,623,706.00—more than half a billion dollars.

Since the last census of 1920 Richmond gained 107 per cent increase in population, in comparison with Los Angeles, which gained 102 per cent; Oakland 58 per cent; Berkeley 53 per cent; San Francisco 48 per cent and Alameda 31 per cent.

Richmond is today the ninth city in size of population in the state of California, north of the Tehachapi mountains; and in ten years will probably be the fourth. Come to Richmond—come and share in our growth and prosperity.

CLASS COMMUNION
A group of 64 children will receive first communion tomorrow morning in St. Mark's church at 8:30. A special retreat is being held under the direction of the Sisters of the Holy Family.

Notice To Public
Having purchased the business of the Ye Beauty Shoppe, 327 21st street, Richmond, California, from Mrs. Lang, I, the undersigned, will not be responsible for any bills contracted by Mrs. Lang on and after April 27, 1928.
(Signed)
MRS. LENORE CARPENTER, 5 2 61.

Hair Dressers Of Vienna Bring Back Old Ringlet Style

VIENNA, May 4.—The "Union of Sons and Daughters of Vienna Coiffeurs" recently held an exhibition of new Viennese hair-models designed to show that they had nothing to learn from their parents in the art of hairdressing. The main feature of the exhibition was the resurrection, of course in a new form, of ringlets. They were of the variety known here as "Papillon Locks," to be worn at the back of the neck by girls and held together by a "Mozart Comb."

In this, the year of the Schubert Festival, evening headress in Vienna to revert to the "Biedermeier," or "Post-Empire" style of Schubert's days.

Apart from this return to the past, the budding hairdressers produce some startling new flower coiffures. A blond head was profusely decorated with cherry blossoms, a brunette with ears of corn and cornflowers.

All the leading hairdressers of Vienna attended this display, and in many cases were glad to adopt from their sons and daughters new ideas to be imposed on their customers at the earliest opportunity.

Opening Of Richmond San Francisco Ferry In 1925 Recalled As Gala Event

A colorful celebration marked the opening of a ferry service between Richmond and San Francisco on January 15, 1925.

Before a huge crowd that filled the ferry boat New Orleans, the first to be placed in service, and overflowed to the surrounding hills an elaborate program was presented. A mock wedding united Miss Richmond to Don San Francisco.

Father Neptune in the person of Henry A. Johnson with Miss Vickery as his bride led a procession of bathing beauties, Indians and Spaniards in eighteenth century costumes, around the ferry boat officially opening the fête.

The late City Attorney D. J. Hall, as padre, performed the ceremony uniting the two cities. Assisting in the ceremony were W.

T. Helms and James N. Long. The opening address was delivered by Henry Johnston; a miniature model of the New Orleans made by pupils of the Lincoln school, was launched by Miss June Webb. Miss Matilda Meyer danced a hornpipe.

A group of pirates hung in effigy the Knocker, procrastinated the Small Town Guy and the Non-member of the chamber of commerce.

The Key System Transit company ran a free ship service all day to the ferry slip.

Following the conclusion of the program in the evening the boat was opened to the public and dancing was enjoyed until a late hour.

The committee who made arrangements for the affair was: G. W. Wolf, chairman; H. A. Johnston, G. E. Milnes, Larkin J. Younce, A. W. Mueller, John E. Galvin, J. P. Strom, B. LaMoine, E. M. Downer, C. P. Beatty, W. T. Helms, P. M. Sanford, Harry Ellis, Frank Mero, H. W. Wernse, C. S. Renwick, A. C. Faris, J. A. McVittie, O. S. Huckaba, D. J. Hall, George Tandy, Aubrey Wilson, John I. Collins, W. D. Mason and Fred Caudle.

Stengel Starts Jail Sentence

Released to county authorities by Richmond police, R. E. Stengel, 35 Walnut Creek tree surgeon, loser in four bouts with the law in two days, was taken to the county jail at Martinez yesterday to start serving a sentence of 200 days imposed by Justice of the Peace George Duncan of Walnut Creek for reckless driving. Leaving Judge Duncan's court Saturday after being given until Monday night to raise a fine of \$200 Stengel went to Richmond and was arrested on two charges of reckless driving and one of drunkenness. He was fined \$10 on the latter charge and \$100 on one of the two reckless driving counts. One count of reckless driving is still facing him.

S. P. COMPANY SHOWS BELIEF IN RICHMOND

Faith in the future growth of Richmond by the Southern Pacific company has been the outstanding characteristic of the ferry system established by the company between this city and San Francisco. The company on January 15, 1925, first opened direct transportation between the two cities.

Travel over this route would not permit a schedule of frequent boats, but the company, even in the face of losses, maintained service.

Gradually the service was increased by the company, as conditions warranted until a 45-minute service was maintained. But not satisfied with this and anxious to furnish Richmond with the best possible service within its power, the company after several conferences with city officials, directors and members of the transportation committee of the chamber of commerce decided upon establishing a 30-minute service which it is felt, will furnish the city with ample direct service for the present.

The establishing of the service is also expected to increase vehicular traffic for this section of the bay as it will be the shortest direct route from San Francisco and

the peninsula to the northern part of the state, saving the motorist much time and overcoming the crowded traffic conditions along San Pablo avenue.

Few women are interested in the study of prehistoric man. Their specialty is for the man of Some family skeletons can't be today.

CLUB AT PETALUMA

The Fraternal Brotherhood enjoyed a trip to Petaluma Thursday evening to be present with the supreme president, W. A. Vandergrift, of Los Angeles, who paid the official visit. A delightful time was reported.
